THE undersigned are prepared to introduce into use in Tennesses W. F. CHILDS & CO.'S PATENT ELAS-TIC FIRE AND WATES-PROOF CEMENT ROOFING, and ask the attention of Architects, Builders, Railroad Compunies, and the public to examine its superiority over other Roofing. Roofing.

ARCHITECTS AND BUILDERS should not fail to examine this Roofing, as it is better and cheaper than any thing in use. The material forms a hard and smooth surface that will resist the action of the atmosphere in every climate. It is impervious to water, elastic, and fiexible. It contracts and expands with the changes of the atmosphere, and will neither evaporate, crack nor rot, and, as to its durability, there is no question.

It is practically imperishable, and will perfectfully resist any ordinary external exposure to fire, as is abundantly proved, and we will warrant it water-proof. We will enproved, and we will warrant it water-proof. We will enproven, and we grave and over ordinary good heathing gade to put our Roofing on over ordinary good heathing old shingles, tar and gravel, tin, sinc, copper, or iron roof -it making no difference how steep or flat they may be-for seven dollars per one hundred square feet; it being far cheaper than any Roof of the old style, and we are sure it

It will also be found to be the best thi g ever invented to cover or mend old leaky tin, tar and gravel roofs, or around chimneys, soutiles, dormar windows, and gutters, where the tin is rusted through. This Cement can be put on to last as long as stone, and form a perfect adhesion to any object to which it is applied. The Roofs can be painted over (and warranted not to leak) at two d liars and fifty cents per hundred square feet, which is cheaper and much bet-eir than paint. This Roofing will be found to be the best thing for covering large Roofs where they are exposed to fir —such as Steam Mills, Saw Mills, Factories, Railroad Cars, Bridges, Depots, Station Houses, Steamboat Decks, and, in fact, every kind of Roof where there is an external exposure from fire. As the Roof is perfect, without a joint n it, it presents no chance for fire to communicate, and any light substance will burn out without igniting.

This mrance Offices at Cincinnati, and other places where Childs & Co.'s Cowent has been used, insure buildings with Roofs covered with this Cement, at the same rates as for those covered with Iron, Copper or Tin. The Cement will be furnished to those at a distance with directions for using.

Orders tent to the undersigned, through the Post-

office, will be promptly attended to J. T. NATHURST. No. 24, Spruce Street. TESTIMONIALS AND REFERENCES.

OFFICE BUCKEYE STATE INSURANCE COMPANY, I (INCURNAT), Dec. 16, 1856 ( ) TO ALL WHOM IT MAY CONCERN: This is to certify that have examined specimens and Hoofs of W. E. Childs & Co.".
"Elastic Pire and Water Proof cement Booding," and be lieve it to be eminently superior to any other kind of Roof-ing in use. I was an eye witness of a severe trial of one of these Roofs from a large volume of flame from an atjoining building, which struck directly upon the roof and cornice for nearly half an hour. It stood the tria beyond all ex-pectation, and saved the building. T. M. HASKELL, President Buckeye State Insurance Co.

CINCINSATI AGENCY ROYAL INSURANCE COMPANY, & Water Proof Cement Roofing," and, as far as I can judge, consider it a great invention, and am willing to insure buildings thus protected upon the same terms as I insure those covered by metal.

From J. B. Bennett, General Agent of Ætna Ins. Co. for the Southern and Western States. Circinnati, Jan. 7, 1857. Having made considerable inquiry as to the merits of the by Childs & Co., I find it to be highly recommended in this city by many excellent judges; that it is meeting with very ready and general introduction; that its superiority over the tar composition Roofing is decided and freely admitted, and finally, I expect to adopt it for my next roof, which will be next summer—having intended to use tin, but will try the virtues of the "Patent Elastic Roofing" as a substitut Vours truly. J. B. BENNETT.

OFFICE OF THE CIN., HAM AND DAYTON RAILEGAD. Childs & Co.'s Patent Coment Roofing is now used here on our best class of Buildings. We are covering our Freight Cars with it, and our Master Mechanic reports very favorable to it.

Dr. Ayes: Your Pills are the perfection of Medicine.

They have done my wife more good than I can tell you.

She had been lick and pining away for months. Went off
to be doctored at great expense, but got no better. She
then commenced taking your Pills, which soon cured her, by
expelling large quantities of expelling large quantities of worms (dead) from her body expening large quantities of worms (dead) from her body. They afterwards cured her and our two children of bloody dysentery. One of our neighbors had it bad, and my wife cured him with two doses of your Pills, while others around us paid from five to twenty dollars doctors' bills, and lost much time, wi'hout being cured entirely even thou. Such a medicine as yours, which is actually good and honest, will be prized here.

With a piece of dannel, apply a small portion of the preparation very lightly, and the dirt will instantly disappear. It is the ar-ticle used by the Kid-Glove Manufacturers of France to impart that purity of finish and softness for which their gioves are so justly celebrated. It cleans kid slippers and white and colored kid-gloves elegantly. It is also an ex-cellent article for the toilet and for beautifying the complexion, removing tan, pimples, &c., far exceeds in excel-lence any of the thousand and one preparations usually sold for that purpose. One trial, at the triffing expense of 25 cents, will convince any one that the article is all that it is claimed to be. Try a bottle of it for 25 cents, and you will never wish to be without it. DYSPEPSIA, DISEASE OF THE KIDNEYS, LIVER COMPLAINT, WEAKNESS OF ANY KIND,

STOMACHOR LIVER, Such as Indigestion, acidity of the Stomach, Colleky Pains, Heartburn, Loss of Appetite, Despandency, Costiveness, Blind and Bleeding Flies. In all Nervous Rheumatic, and Neuralgic Affections, it has, in numerous instances, proved highly beneficial, and in others effected a ecided cure. This is a purely vegetable compound, prepared on strictly scientific principles, after the manner of the celebrated Holland Professor, Boerhave. Because of its great success in most of the European States, its introduction into the United States was intended more especially for those of our fatherland scattered here and there over the face of this mighty country. Meeting with great success among them, I now offer it to the American public, knowing that its truly wonderful medicinal virtues must be acknowledged. It is particularly recommended to those persons whose constitutions may have been impaired by the continuous use of ardent spirits, or other forms of dissipation. Generally instantaneous in effect, it finds its way directly to the seat of life, thrilling and quickening every nerve, raising up the drooping spirit, and, in fact, infusing new health and vigor in the system. This is a purely vegetable compound, prepared on strictand vigor in the system.

NOTICE.—Whoever expects to find this a beverage will be disappointed; but to the sick, the weak and low spirited, it will prove a grateful aromatic cordial, possessed of sin-

CAUTION. The great popularity of this deligh ful Aroma has induced many imitations, which the public should guard against purchasing. SPLENDIN SCHEME.

climate and productions found between those parallels of latitude. The Northern portion is chiefly prairie, interspersed with fine groves, and in the middle and Fouthern sections timber predominates, alternating with beautiful prairies and openings.

The climate is more healthy, mild and equable than any other part of the country—the air is pure and bracing, while living streams and springs of excellent water abound. Bituminous Coal is extensively mined, and supplies a cheap and desirable faci, being furnished at many points at 23 to 24 per ton—and wood can be had at the same rate per cord.
Building Stone of excellent quality also abounds, which can be procured for little more than the expense of transportation.

The great fertility of these lands, which are a black rich mouth from two to five feet deep, and gently rolling,—their configuity to this Road, by which every facility is furnished for travel and transportation, to the principal markets North, South, East, West, and the economy with which they can be cultivated, render them the most valuable investment that can be found; and present the most favorable opportunity, for persons of industrious habits and small means, to acquire a comfortable independence in a few reals. Chicago is now the greatest grain market in the warld—and the intility and economy with which the preducts o these lands can be transported to that market, make them much wors profitable, at the prices asked, than these were remote at government rates,—as the additional out of transportation is a perpetual tax on the latter, which must be burne by the producer, in the reduced price he receives for his grain. As for his grain, &c.

The Title is perfect—and when the final payments are made, Deeds are executed by the Trustees appointed by the State, and in whom the title is wested to the purchasers, which convey to them absolute biles in Ferdimple, free and clear of every incomberance, lieu or mortgage.

The prices are from \$6 to \$50; interest only 8 per cent. Twenty per cent will be distincted from the credit price for Cash.

These who surchase on long credit, give noise payable in S. S. 4,5 and 6 years after date, and are required to improve one towth annually for five years, as as to have one-hair the land under cultivation, at the end of the time.

Competed Surveyors will accompany those who wish to examine these Lands, free of charge, and add them in making addeditor.

The lands runcatning question are as rich and valuable as those which have been disposed of.
